

One-Time Payments are good for 30 days, are non-refundable and are valid on all Bay Area bridges.

Partial tolls will not be charged to the One Time Payment Account in the event that insufficient funds are contained in the account to cover the bridge crossing. In such case, for transactions on the Antioch, Benicia-Martinez, Carquinez, Dumbarton, Richmond-San Rafael, San Francisco-Oakland Bay, or San Mateo-Hayward bridges, a violation notice for the full toll amount, plus any fees and penalties, will be sent to the vehicle's registered owner on file with the Department of Motor Vehicles. For the Golden Gate Bridge, an invoice for toll charges incurred will be sent to the vehicle's registered owner. Invoices not paid by the invoice due date as shown on the invoice will be processed as violations that are subject to fees and penalties as provided by law.

See www.goldengatebridge.org/tolls_traffic/toll_rates.php for the Golden Gate Bridge toll schedule and www.bata.mtc.ca.gov/tolls/schedule.htm for the state-owned bridge toll schedule.

Please see www.bayareafastrak.org for the Privacy Policy applicable to this transaction.
